## Welcome Campers!

Please accept our invitation to visit our family oriented campground located just minutes from the brink of mighty Niagara Falls!

As of the spring of 2004, Jellystone Niagara has changed ownership and is now under new management!

This season will see the first stages of a major re-development at the park. We have upgraded many of the RV sites by making them larger (up to 80' in length) and converting them to pull throughs. The electricity has been upgraded on these sites to accommodate both 30 and 50 amp power requirements. Water and sewer lines have also been replaced and roads have been widened and re-graded. This will improve our ability to handle big rigs and RV groups.

Our rental program has also been revamped as we have replaced our aging rental trailers with 10 brand new units. Plus the recreation program has been greatly expanded to include more dances and theme activities. We will continue to run our direct Shuttle Bus to the Falls which links up with the Niagara Falls and & Great Gorge Adventure Pass. This excursion includes the Journey Behind The Falls, the Maid Of The Mist as well as two additional attractions and all day transportation.

We are also close to Marineland, Zooz, numerous golf courses, nature trails, shopping, outlet malls, and much much more.

We look forward to having you as our guest. Our staff is at your service to make your stay with us a memorable fun-filled vacation.

Regards

Ranger Smith™ & Yogi Bear™
